## MEDICINAL.

**"I thank Dr. Pierce for the kind advice he gave when I wrote to him."**

"I am thankful to the friend who first recommended your medicine," writes Mrs. Annie M. Brook, of Smithfield, Fayette Co., Pa. "We have a twelve pound baby, three weeks old. I took three bottles of 'Favorite Prescription' before baby came, and the time was only one hour and a half. Have had five children, and before this always had a severe time lasting two or three days, and never was able to do any work for about two months afterward. Now I am doing all the work for four children. My friends say I look better now than ever before. We told one of my sisters to take 'Favorite Prescription,' which she did, and when her child was born the time of suffering was very short. She has better health now than since her marriage, some years ago. We cannot praise Dr. Pierce's medicine enough. I thank Dr. Pierce for the kind advice he gave when I wrote to him. Whenever I see other women suffering I tell them about your wonderful medicine."

The benefits resulting from a consultation by letter with Dr. Pierce are testified to by thousands of grateful women who have been made new women by his medical advice and fatherly counsel given absolutely without cost or fee.

Sick and ailing women, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription is the best medicine for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It is the best preparative for maternity, giving the mother strength to give her child, and making the baby's advent practically painless.

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics. The Common Sense Medical Adviser, free on receipt of 21 cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## TWENTY PERSONS KILLED.

Twenty persons were killed and about 25 injured last night in a collision on the Chicago and Eastern Illinois Railroad at Glenwood, Ill., 23 miles south of Chicago.

The collision occurred between a picnic train from Chicago, which was returning from Mokena, Ill., and a freight train, into the rear end of which the excursion train dashed at high speed. The picnic train was going north and the freight train was on the southbound track. A misplaced switch threw the picnic train over on the southbound track, and before the engineer could apply the brakes it ran at 40 miles an hour into the rear of the freight.

The locomotive, the baggage car and the first coach of the picnic train were demolished, and all of the killed and injured were on the locomotive and in the two cars.

The picnic was the annual outing of the members of Doremus Church. After spending the day on the picnic grounds, at Mokena, the train load started on the return trip, running in a second section of the regular passenger train, which is due in Chicago at 8:25 p. m.

When the picnic train reached Chicago Heights, four miles beyond Glenwood, where the accident took place, it was switched to the regular southbound track, and although it was coming north, it was given a clear track by the operator at Chicago Heights until it should reach Glenwood, four miles away. The train after leaving Chicago Heights gradually increased its speed, and when half the distance between the two stations had been covered it was plunging along at the rate of 40 miles an hour. Just half way between Chicago Heights and Glenwood there is a sharp curve.

As the picnic train tore around this on the southbound track, a freight train was backing from the southbound to the northbound track. It was partly on both tracks, and no train could have passed it in either direction. The bend is so sharp that the engineer of the picnic train did not see the freight until he was about on it. It was too late to do anything but to set the brakes, but before they could take effect the passenger train smashed into the freight at full speed. The locomotive and the baggage car of the passenger train went through the freight and were piled up in a heap of wreckage on the farther side of the switch track. The first coach of the picnic train plunged into the wreckage and buried itself in a mass of kindling wood.

Nearly all of the passengers in the first coach were caught beneath the mass of debris, and it was here that the loss of life occurred.

The people in the rear coaches were hurled from their seats and many of them were bruised, but all of the serious casualties occurred in the first car. The uninjured passengers and trainmen at once hastened to the relief of those who were pinned under the wreckage. The wreck was two miles from any house and much delay ensued before some of the injured, who were held down by heavy timbers, could be extricated. Nothing could be done for them until lifting machinery came from Chicago Heights. The first train to arrive at the wreck came from Chicago Heights and it carried six physicians. A short time afterward a second train arrived from Glenwood, bringing additional physicians and a number of nurses. Darkness had fallen and rescue went on by the light of bonfires.

A regular relief train was made up at Glenwood, and it brought the dead and wounded to Chicago.

## TO ARBITRATE STRIKE.

Arbitration of the grievances which precipitated the general strike in the meat-packing houses in various parts of the country appeared last night to be in sight, and a conference between employers and strikers was to be held in Chicago this morning. The initial step toward a settlement of the controversy by mediation was taken late yesterday evening by the State board of arbitration. When the members of the board reached Chicago they at once went into conference with Michael J. Donnelly, the leader of the strike, and then talked with the representatives of the packers.

Louis F. Swift, president of Swift & Co., was asked as to the probable effect of the strike upon prices of meat throughout the country and regarding the stocks on hand. He said: "It is too early to say definitely. I do not expect that there will be any serious scarcity in the supply of meats. We have some men working in all of our departments, and are shipping products free. Prices will not be materially advanced. I believe a normal condition of affairs will speedily be restored. In any event, the supply of fresh meat throughout the country is sufficient to last 15 or 20 days, and there is enough cured meats, hams, bacon, etc.—to last six months."

"I think," said J. P. Lyman, president of the National Packing Company, which includes the Hammond, Anglo-American and Continental Companies, "that the stock on hand is sufficient to avert a so-called famine for two or three weeks. I don't see why there should be any material change in prices, but the

natural tendency will be for a little advance."

Arthur Meeker, of Armour & Co., said: "We have a week or 10 days' supply of meats on hand here at branch houses and en route, and we are slaughtering and operating our packing plants, but on a reduced scale. Temporarily prices will be somewhat higher."

In Chicago porterhouse steak has advanced 2 cents a pound and pork chops 1 1/2 and other meats in proportion. One large retail butcher said it was not unlikely that there would be further advance unless the strike was soon settled.
